[Informational Resources for Crime Statistics](#) | [Location Definitions](#) | [Offense Definitions](#)

In compliance with federal law, the University of Oregon prepares an annual report on campus safety, security programs and services. Originally enacted in 1990, the federal law was amended in 1998 and renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. These tables provide crime statistics as required under this act. These statistics are also available in pamphlet format from our office. For statistics not required under this act, see [Other Offense Statistics](#).

Notes

- (1) Crime statistics are broken down geographically according to [specific definitions](#).
- (2) Offense definitions are based upon the FBI Uniform Crime Reporting manual.
- (3) Rape is one of the most underreported crimes according to the FBI. Nine out of ten sexual assaults and rapes are not reported.
- (4) Two incidents were reported to Student Judicial Affairs in the Office of Student Life but were not reported to the Department of Public Safety or Eugene Police Department.
- (5) By definition, sexual assault incidents are categorized as either forcible or non-forcible (Higher Ed. Amendments of 1992, Public Law 02-325).
- (6) The numbers reflected in the "Judicial Referral" category for 1999-2000 represent all recorded alcohol, drug, and weapons violations (violations of law and/or violation of university rules and regulations) reported to the UO Office of Student Conduct Program. Some of these incidents may also be recorded in another category. Beginning in calendar year 2001, modifications to the Student Conduct database allow these incidents to be articulated so that only violations of law are reported.

The University of Oregon has made a good faith effort to comply with all provisions of the Jeanne Clery Act. Any persons wishing to receive further clarification regarding any aspect of this report is encouraged to contact the University of Oregon Department of Public Safety.
